

Summit Academy North Internet Acceptable Use Agreement

Parents and Students: This agreement outlines the rules for responsible use of the district provided technology at Summit Academy. Please read this with your child. In order for your child to access district provided technology, we require that this agreement be read and that parents and students sign the acknowledgement page.

District provided technology includes but is not limited to the use of Internet, local area network, wide area network, digital still cameras, scanners, video cameras, projectors, electronic whiteboards, disc duplication equipment, printers, plotters, hard drives, computers, laptops, projector screens, monitors, mice, keyboards, cables, speakers, sound systems, headphones, sound or video editing equipment, microphones, TVs, VCRs, DVD players, portable stereos, telephones, fax machines, copy machines, overhead projectors and software.

Summit Academy will take measures to protect students from accessing inappropriate communications. Summit Academy will provide each student with training in the proper use of district provided technology. Additionally, Summit Academy will educate all students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber bullying awareness and response. The use of district provided technology is a privilege, which may be withheld if the student is irresponsible, or acts inappropriately.

As a student, I agree to the following:

1. The use of all district provided technology will be used to support research and education.
2. Students are responsible for proper behavior while using district provided technology. The same general school rules for behavior and communication apply.
3. The school has the right to, and does, monitor all activity, E-Mail correspondences, and material transmitted or received by students on district provided technology.
4. Students are not permitted to transmit or publish any defamatory, abusive, profane, threatening, or illegal material.
5. Students must respect all copyrights.
6. It is prohibited to use someone else's Logon ID or to access another person's files.
7. Students will protect the privacy of their username and password.
8. Students will immediately notify a staff member if they have accessed something questionable or have found equipment in disrepair.
9. Students will not participate in any action that may be considered damaging to the integrity of district provided technology as determined by the Technology Department.
10. Students will not install software on school computers.
11. Violation of this agreement may result in disciplinary action including loss of privileges, financial restitution for damage, or other disciplinary action as determined by the school. Users are subject to all applicable local, state, and federal laws.

The school has the right to remove any material from school computers that the staff deems as inappropriate or not in keeping with our educational mission. The Summit Academy staff and Board of Directors are solely responsible for deciding what constitutes appropriate use and what defines acceptable content. Due to the unregulated and ever changing nature of the Internet, we assume no liability for any damages a user may incur as a result of Internet access.
